About the program

Empower your leaders with a transformational leadership development experience. This program brings together our extensive experience with the latest research and best practice leadership approaches to optimise team performance, build trust, enhance inclusivity, and increase staff engagement.

- A comprehensive group leadership development program
- Customisable to suit your organisation's goals and workplace rhythms
- Blended or fully online delivery options
- Applied learning delivers immediate results in the workplace

Participant profile

Suitable for groups of emerging, middle or senior leaders.

Learning Outcomes

In this program participants will:

Build self-awareness and develop a personal leadership vision.

Know how to address team dysfunctions to improve team culture.

Improved ability to give feedback and have challenging conversations.

Develop coaching and mentoring skills

Develop effective communication skills and emotional intelligence.

Can define a strategic direction and review their team's performance.

Build capacity for innovation within their team and lead change.

Program experience

We will work with you to curate a program experience that delivers on your organisation's needs and suits your workplace rhythms.

A sample schedule could involve:

- Blended or online delivery over seven months
- 360° feedback survey completed by all participants prior to commencement
- 3 full-day workshops (online or face-to-face)
- 6 interactive 90-minute webinars
- 4 peer coaching sessions
- Self-directed learning via our online learning portal
- Completion of a professional leadership project
